

# One Mega Event - 4 Expo

## SOLAR TODAY EXPO

International Exhibition For The Solar Industry

## ELECTRIC VEHICLES EXPO

Int'l Exhibition On Electric Vehicles

## BATTERY EXPO

Int'l Exhibition On Battery Products & Technology

## LED INDIA

Int'l Exhibition On LED Lighting Products & Technology

### 17 18 19 October 2019

## Mahatma Mandir Exhibition Centre, Gandhinagar, Gujarat, India

### A Hi-Tech Business Platform For Indian Solar , EV, LED & Baery Industry

### Exhibitors Profile

- |                                     |   |                                       |  |
|-------------------------------------|---|---------------------------------------|--|
| Annual Maintenance Contractors      | SMD Mounting Machines                   | LED Drivers & Power Supply            | 2/3/4 wheel electric and hybrid vehicle manufactures       |
| Banks / Financial Institutions      | Solar Lanterns                          | Liquid LED                            | Commercial, Cargo, Passenger and Personal Electric Vehicle |
| Charge Controllers                  | Solar Lights / Solar LED                | LED Neon Lights, Indicator lamps,     | Indian/International Electric Vehicle parts and component  |
| Data Logger                         | Solar Forms / Cities / Homes / Villages | Chandeliers, Crystal Lights etc.      | Battery Technology companies                               |
| Electrical Test & Measuring Systems | Solar Street & Billboard Lighting       | LED Spot Lights / Fixtures            | Charger Manufacturer                                       |
| Emission Monitoring Systems         | Solar Software Solutions                | LED Module Connectors                 | Accessories Manufacturer                                   |
| Grid Infrastructure /Management     | Solar Cells Manufacturers               | LED Turnkey Solution Providers, etc.  | Government sector and Departments / Nodal Agencies         |
| Grid Optimization                   | Photovoltaic (pv) Modules               | LED Architectural lighting            | Homologation/Testing Agencies                              |
| Hybrid Systems                      | Project Consultants                     | LED Automobile Lamps.                 | Banks and financial Institutions                           |
| IT & Communication Technology       | Manufacturing Equipment Vendors         | LED Bulbs / Tubes /O LEDS             | Insurance Companies  |
| Installers                          | Materials And Equipment                 | Solar Batteries                       | Research and Training Institutes                           |
| Epc Companies                       | Monitor, Mounting Systems, Trackers     | Battery Manufacturers                 | Body/ Chassis Fabricators                                  |
| Inverters / Distributors            | Traffic Lights Equipment                | Battery manufacturing machines        | Solar Power Technology Companies                           |
| Screen Printing Equipments          | Smart Grid Technologies                 | Battery vent plugs & packing jali     | Branding Solution Providers                                |
| Metallization Equipments            | LED Chandeliers , Crystal Lights etc    | Battery Containers                    | E-Vehicle Manufacturers                                    |
| Silicon Feedstock                   | LED Displays                            | Battery Raw Materials                 | Automotive and Parts Manufacturers                         |
| Ingot & Wafer Manufacturing         | LED Assemblies & Products               | Automotive Batteries                  | Components manufacturers & suppliers                       |
| Research Institutions               | LED Software Solutions                  | E-vehicles Batteries                  | Material suppliers   |
| Trade Media Publishing              | LED Manufacturers                       | Battery Separator                     | Engineering services / Consultants                         |
| Certification Institutes            | LED Screen / Video Walls                | MC Battery                            | Testing, R&D and Education Institutions                    |
| Solar Products & Technologies       | LED Encapsulation Materials             | Battery Inverter / Battery Charger    | Connectors /Cables   |
| Solar Panels                        | LED Manufacturing equipment             | Battery Lead Manufacturers            | Wires and Harness manufacturers and suppliers              |
| Solar Systems Provider              | LED Machinery                           | Battery Terminal Manufacturers        | Manufacturer & Suppliers of Auto Ancillaries               |
| Solar Consumer Products             | LED Applications & Lighting             | Labs & R & D                          | Machinery & Equipment Manufacturers                        |
| Solar Commercial Products           | LED Signage & Displays                  | Battery Chemical & Inks               | Design and simulation                                      |
| Solar Drying & Desalination Systems | LED Components / Chips                  | All Batteries Products & Technologies | Charging station manufacturer                              |
| Solar Energy Storage                | LED Accessories & Raw Materials         | Deep Cycle Application Battery        | Power management companies                                 |
| Solar Park Developers               | LED Products & Fixtures                 | Battery Part Manufacturers            |  |
